"V" as in "VICTORY"

"V" stands for "Victory" and this "V" formation symbolizes Aviation Cadets' victory over gravity in precision maneuvers. These West Coast Air Corps Training Center Cadets in trim BT-13 training planes are seen flying over the southern tip of San Francisco Bay during formation flight instruction. Cadets all claim that formation flying is "real fun." WCACTC is now busily engaged in training one-third of the pilots Uncle Sam wants every year. Aviation Cadets in the above formation flight will have achieved another victory in about 10 weeks when they become second lieutenants in the Air Corps Reserve.

To Register Children For Identification Tags

Registration of children under 18 years of age for identification tags will take place in the local grammar schools during the four day registration period for sugar rationing, next week, it was announced today by Mrs. Stella Jensen, local member of the San Mateo county central committee. The Parent-Teacher associations are cooperating with the county defense council in registering all children for the tags.

A unit will be set up in each school which is registering sugar users, beginning Monday at 9 a. m. The signup for identification tags, a voluntary registration, will be handled by members of the local Parent-Teacher associations. The same hours as the sugar registration during the four day period, from 9 a. m. to 7 p. m., will be observed.

Parents who register their children will be required to give the name, address, religion, birth date, and blood type, if known, of each child. A minimum charge of ten cents will be charged for the identification tags. Purchase of the tags is not compulsory.

Heading the units at the local registration places are the follow-

Councilmen Study Defense Program's Legal Aspects

Chief Issues Arise Over Supervision, Appropriating Funds

Legal aspects of the Civilian Defense Council in regard to the powers of local and county units over city governments were aired before the new regime of Daly City's Board of Councilmen in their first business meeting, Monday night.

Chief issue in the discussion was the right of county defense councils to supervise the work of local defense councils and the ways and means of appropriating funds for expenses. Discussion was led by the new city attorney, Edward Hoffman, who explained the function of the tri-city defense council in San Mateo county, embracing the cities of Hillsborough, San Mateo, and Burlingame.

The issue on the Civilian Defense Council was an aftermath of a report to the city council by

Defense Council In Heavy Workout

The Crocker tract in the northern section of Daly City underwent a heavy "bombing attack" by imaginary "enemy planes," last night as the Civilian Defense Council went into action in a practice workout for both civilian defense workers in the field and the control center in the city hall.

With Arthur H. Quirmbach, Daly City's chief air raid warden, figuring out ways of putting the pressure on the control center to see how they would operate under fire, the control center handled six major bombing incidents in the Crocker tract simultaneously.

Telephone operators in the Randolph Exchange were given a

No Opposition In School Election

No opposing candidates filed intentions of running for office in the school trustee elections on May 15 in either the high school or grammar school divisions, it was announced this week by Daly City school officials.

Sugar Rationing Registration To Get Under Way Here, Beginning May 4

Applicants in Daly City for the sugar rationing registration, which will begin at 9 a. m. Monday in all the Jefferson district's elementary schools, will be required to fill out the above form when they register. Every man, woman, and child in the community will be required to apply for a ration book during the four day period, which includes Monday, Tuesday, Wednesday, and Thursday.

Hours for the registration in Daly City will be from 9 a. m. until 7 p. m. R. L. Crane jr., superintendent of the district grammar schools and supervisor of the registration, announces that the grammar schools will close their classes during the four day period.

The largest task ever to confront local schools, an estimated 12,500 residents will sign up, next week, with 43 teachers assisting the registrants. All applicants are asked to register in the school nearest their residence. Following are the local grammar schools where registration will take place: General Pershing school, 631 Hanover street; Crocker school, 649 Bellevue avenue; Woodrow Wilson school, 43 Miriam street; and Jefferson school, 14 Alemany street.

A separate application must be made for every person for whom a rationing book is issued, but only one member of each family unit is to appear, to apply for all members of the family. In accomplishing this huge task of registering the entire populace of the community, Crane urged every applicant to come prepared with accurate information to all questions which the registrars will ask.

It has been estimated that it will take the applicant approximately four minutes to fill out this form if the applicant can answer promptly to the following information:

1. Applicants should come prepared with a list of the members of their families, giving the exact name of each.

2. An exact description of each member of the family unit,

Roy Giusti Wins Football Trophy

For the second successive year Roy Giusti, star Gael athlete and a former star at Jefferson Union high school, won the William J. Fitzgerald trophy for football passing, in the annual St. Mary"s College Homecoming Day celebration.

With an average of 63½ yards in the contest, Giusti hit the bull's eye two out of three times to win the award. His closest contestant, Gonsalves Morales from the freshman team, finished with a 62 yard average. In the other event of the day's football activities, Bud Townsend, a teammate of Giusti's, won the punting trophy. The events were preceded by a flag-raising ceremony in which St. Mary's graduates who are now in the United States Na-

Police Investigate Murder Of Darnell

Investigation by Police Chief James G. Reardon continued, today, in the murder of Charles Darnell who was shot through the head, early Sunday. morning, just outside the doorway of his apartment at 27 Hillcrest drive.

Only major clue in the case which has produced any immediate evidence, so far, is a .22 calibre long range rifle which was found broken in two. The gun was found on the light well of an adjoining building just outside the window of George Pavlos, another tenant of the building, occupying a room above Darnell's. The gun was found by Officer Joe Kusber. The bullet which killed Darnell was also a .22 calibre.

Pavlos, a cook in a local restaurant, was taken into custody by the Daly City police immediately after it was learned from Mrs. Clara Darnell, wife of the slain man, that Pavlos was the

You say you want Action!

You say, "Why don't we take the offensive?"

O. K.—here's your chance!

Now YOU can supply the Action. Now YOU can take the offensive.

Here's how: appoint yourself to the job and start right out—today—and

Be a WASTE WARDEN!

Don't put it off. As soon as you have read the rest of this, go down into the basement and up into the attic and out into the back yard . . . and do something.

Remember that Johnnie's B-B gun will make a fine mess of shrapnel. Remember that those cleaning rags you have been saving can do a better job protecting shells.

Don't worry about the details. And don't let anybody tell you America doesn't need the stuff you've been burning and wasting. America does need the stuff to win the war. It needs all the scrap and junk we can possibly gather together. Our great Production Program can't possibly succeed unless you and every other American does his share. Remember that the plans for Production for Victory are based on the absolute faith your Government has in you—and that America is counting on you to help provide one-third of the materials needed to win the war.

You'll get a kick out of it. It's your chance to get in there and pitch. It's your chance to fight shoulder to shoulder with your neighbors in every town, every county, every state in the Union . . . all working together in a job that's vital to Production for Victory. It's your chance to Get in the Scrap!

WHAT TO SAVE

WASTE PAPER:

Save waste paper—don't burn it! Wrapping paper, cardb cartons and boxes, paper bags, newspapers, magazines are ne to make new paperboard to pack foods, airplane and tank p shells and ammunition and other articles.

OLD RAGS:

Cast-off clothing, burlap bags, draperies, mattresses, pill discarded carpets can be used in factories for wiping rags and roofing and flooring materials in emergency construction.

SCRAP METALS:

Iron, steel, brass, copper, aluminum, lead, etc. are needed. pose of discarded tools, metal beds, stoves, railings, tire chains, and pans, picture frames, hangers, toothpaste containers, pipe hardware, batteries, and anything else made of metal.

OLD RUBBER:

Judge Fahey Fines Two For Speeding

Wallace Beery Star Of Army Epic

Wallace Beery is definitely in his own territory as a tough top sergeant with a heart of gold, in Metro-Goldwyn-Mayer's "T h e Bugle Sounds," story of the new mechanized army, which opens at the Daly City theatre tonight.

The action is strictly authentic, approved by the War Department, which permitted two camera crews to accompany regular army troops on maneuvers at Fort Knox, Kentucky, and Fort Lewis, Washington, respectively. Beery journeyed to Fort Ord for actual scenes with the tank corps. Accordingly, when an avalanche of roaring tanks careen across the screen, it is the real thing.

The story presents Beery as a first sergeant of cavalry with a record of 29 years in the service. He's a slave-driver and a martinet, but his men worship him and he is a comfort to his superior officers. Beery swaggers through the role with such realistic effect that several enlisted men in the audience ducked involuntarily when he bellowed.

Lewis Stone is a commanding figure as the colonel, playing the role with the excellence to which the public has become accustomed through his long career. Donna Reed has the romantic feminine lead as the bride of William Lundigan, who appears as a selective service recruit in Beery's platoon.

Convincing performances are given by George Bancroft, Henry O'Neill, Chill Wills, Tom Dugan, Guinn Williams and Jerome Cowan as the menacing saboteur.

New Managers At Milo Fruit Dept.

Customers at the fruit and vegetable department of Milo's market this week are greeted by new and smiling faces. Angelo Cabano and Lorenzo Fava have taken over the management of the department which was formerly operated by Fred Orfino.

Coming to Milo's with 35 years of produce experience Fava and Cabano promise a tempting array of garden fresh vegetables, sweet fruits and many specialty items. Their staff of efficient clerks includes Mrs. Angelo Cabano.

Both Cabano and Fava are local men. Today they pledged to give Daly City housewives greater values in quality fruits and vegetables, along with courteous service and low prices which have become the tradition of Milo's market.

Farallone Packers Defeat Peerless

Continuing their early season winning streak with fine form, the Daly City Farallone Packers, semi-pro nine managed by Charlie Norry, scored three runs in the first inning and added a pair in both the second and fifth to defeat Peerless Laundry in a baseball game at Marchbank Field, Sunday, 7 to 2.

Farone, hurling for the Packers, yielded but six well scattered hits to Peerless batters to win his game. Peerless' two hits in the first inning netted one run, but after that, the best they could do in the batting department was a single bingle in each of the last four innings.

The Daly City club, although they only connected with nine hits off Peerless's Young, converted their hits into runs in every inning where men were on base. Miner, left-fielder, and Peterson, shortstop, supplied most of Daly City's hitting power, Miner getting two singles and Peterson hitting safely for a single and a two bagger.

In the second game at Marchbank field, the Sacramento Muir Athletic club nicked the offerings of Muesenbach, pitcher for the San Francisco Longshoremen, for seventeen hits to win 9 to 4. The game was a free hitting fray all the way with the losing Longshoremen connecting for eleven hits. Sullivan and Massi of Sacramento and Carter, second baseman for the losers, were the hitting stars of the game.

Both games at Marchbank field were under the supervision of the Daly City WPA Recreation department.

3. The person who registers for the family unit must state his or her exact relationship to each member of it.

4. It is necessary to know to the pound just how much sugar is in possession of the household. The amount of sugar will be divided by the number of people in the family units and stamps will be torn out by the registrar for all sugar in excess of two pounds per person. If more than four stamps have to be removed, issuance of the book will be withheld until later.

One—and only one—member of the family unit is to go to the elementary school nearest to the person's residence to register and to apply for ration books for the whole family. Single people not members of a family unit, even if they board with a family, must apply for themselves.

A family unit has been described by the Office of Price Administration as "A group of two or more individuals consisting of all persons who are living together in the same household who are related by blood or marriage."

MUSIC

Lotte Lehmann To Give S. F. Recital

The atmosphere of pre-war Vienna and Salzburg will pervade the War Memorial Opera House, Friday evening, May 22, when the celebrated opera star and world's premier lieder singer, Lotte Lehman, appears in recital with the internationally famous conductor, Bruno Walter, officiating at the piano.

It was at the Vienna opera that Mme. Lehmann first sang under the baton of Bruno Walter who subsequently chose her to sing the leading roles in operatic performances which he conducted at the Salzburg Music Festivals.

Neither Mme. Lehmann nor Walter need any introduction to San Francisco. Although the Metropolitan Opera soprano has given but one recital in this city she has been heard innumerable times as soloist with the San Francisco Symphony orchestra and with the San Francisco Opera company.

Walter, who since the European conflict, has made America his home, is at the present time a leading conductor at New York's Metropolitan opera. He also directs the Los Angeles Philharmonic orchestra each winter and appears as guest leader with major eastern symphonies.

The coming recital for which Mme. Lehmann has promised a stunning program should prove an outstanding and unforgetable experience in the concert-going career of every genuine music lover.

Tickets are on sale at Sherman Clay box office, EXbrook 8585.

BETTER STOCK UP ON COAL NOW!

With large coal consumers requiring an estimated twenty per cent more coal this year than last, all local defense councils were urged by the state to survey the needs of public institutions in the community in 1942 and 1943 so that they will be provided at the earliest possible date.

Domestic consumers were advised to lay in their supplies for the coming winter immediately, since there is not enough railroad rolling stock to supply all domestic consumers after next midsummer.

ELECTRIC POWER

swinging down from the mountains was READY FOR WAR DUTY

At the army camps scattered from the high Sierra to the sea, usually the first earth turned was for the towers and poles bringing electricity for war duty.

Electric power was ready for the sudden summons to speed the construction of army training camps, forts and posts, air fields, bases. Electricity was ready to rush work 'round-the-clock. Night was turned into day with electric floodlights. Electric motors drove the power saws as buildings grew row on row along cantonment streets and about parade grounds.

Not a minute was lost. Electricity was there as the great time saver. And in scores of shops, shipyards, cannery and food processing plants, factories and foundries, electric power was standing by, ready to do its share to bring war industries swiftly to peak production.

Keeping a reserve supply of electricity available for unexpected demands presents problems unlike those of any other service. Electricity flows from generating plants silently, surely and dependably, along the swaying wires in the sky. It cannot be boxed or crated or stored in tanks or bins—it has to be used as it is produced. As demand for it increases, there must be more plant capacity to generate it and there must be adequate transmission lines to put it where it can work. Making it available, providing these facilities, is our responsibility.

Electric power was ready for war duty because there was careful planning yesterday in anticipation of the needs of a far-distant tomorrow. Planning and building for the future is a job that is never done. Fortunately, when the emergency came we were ready for it—ready with electric power to help keep 'em marching, keep 'em rolling, keep 'em launching, and keep 'em flying.

Jeff Students Make Stretchers

Combining regular classwork with war effort, Jefferson Union high school students are serving both the Red Cross and the United States Navy in preparing material for use in the war.

Truman Bentley, instructor in woodwork and carpenter classes at Jefferson high, announces that his students are making stretchers for use by the county Red Cross organization. Combining efforts with San Mateo and South San Francisco high schools, Jefferson has completed over one hundred stretchers already. All three schools hope to make one thousand for the county, and Jefferson's quota is three hundred. Material for the stretchers is furnished by the Red Cross.

Students learned how to make the stretchers according to Red Cross specifications last month when Durant Mosely and Claude Hackely, Jefferson teachers, attended a county meeting at San Mateo high school.

Mosely's classes are making model airplanes, both foreign and domestic, which will be placed in practical use by the United States Naval Air Corps. The planes are used on charts and maps to represent real airplanes, and the models made by the high school students are assembled exactly to scale under the supervision of the Navy. Before the planes are used, they must be inspected and passed by Navy officials.

Parents Attend Jefferson Open House

Approximately six hundred Daly City parents and friends were present at the open house at Jefferson Union high school, Monday evening. The evening's event was the opening of Public Schools week.

The audience was entertained with numbers by Howard Miguel's Indians of Rhythm; Oscar Busch's chorus and band; and a panel discussion by Roy J. Gale's public speaking class.

Following the program, class rooms were open to the visitors.

Miss Ethel Fillmore, librarian, had an outstanding display of book and flower arrangements. Mrs. Effie Andersen, art instructor, had an interesting display of art and pottery done by the students.

The program was closed with a timely speech by Principal James Ferguson.

Defense Council

(Continued from Page 1)

busy time when all the calls were telephoned in by air raid wardens to the control center at 8 p. m.

Three "fires" were supposedly started by incendiary bombs while three more high explosive bombs succeeded in "breaking" two water mains in the northern section of the city, and the control center went to work in dispatching services to the scenes of the imaginary disaster. The high explosives were supposed to have caused many casualties, so that first aid squads were dispatched by the control center besides the four pieces of fire apparatus, police squads, and utility squads, which were used to make emergency repairs to the "damaged" water mains.

The Civilian Defense Council expressed satisfaction with the entire semi-mass drill, adding that it would work with as much precision in case of a real disaster.

Stationed at posts in the control center were all the members of the Civilian Defense Council, acting as heads of the various services which were dispatched as needed. Fire Chief Andrew P. Chesney, however, worked out a plan in the fire department whereby he was free to work with the firemen at the "disaster" scenes. He placed Captain A. Sundstrom in charge of fire department service in the control center while he was in tne field.

Other members of the council who acted on the control board were Arthur J. Bodien, who acted as utility squad dispatcher besides supervisor of the control center as chairman; R. L. Crane jr., first aid; Fred Collins, ambulance dispatcher; Arthur H. Quirmbach, chief air raid warden; Howard McHugh and Edmund Cavagnaro, board operators; and a crew of telephone operators and messengers. The city council was present to view the proceedings.

George Bancroft and Jerome Cowan, heading a sabotage gang, seek to enlist the services of Wallace Beery in an attempt to blow up an army train. It's a dramatic moment in "The Bugle Sounds," new M-G-M drama of a grizzled cavalryman who hated tanks—but who hated the enemies of America ten times more! Marjorie Main and Lewis Stone are others in the picture, now showing at the Daly City theatre.

No Opposition In School Election

(Continued from Page 1)

and Crocker school between the hours of 6 a. m. and 7 p. m.

In the Jefferson Union High School district, where two candidates are elected to the board of trustees, there was no opposition as Pearl M. Jones and E. A. Weisenburger were the only names filed, following the deadline for filing. Polling places for the high school election are at Rockaway Beach school between 2 p. m. and 6 p. m.; Sharp Park school between 2 p. m. and 7 p. m.; Jefferson grammar school between 6 a. m. and 7 p. m.; Woodrow Wilson school between 6 a. m. and 7 p. m.; Crocker school between 6 a. m. and 7 p. m.; Bayshore school between 1 p. m. and 7 p. m.; Brisbane school between 12 noon and 7 p. m.

Not only was Daly City's trustee election without opposing candidates—the entire 29 school elections in San Mateo county failed to find a single contest.

Councilmen

(Continued from Page 1)

Arthur H. Quirmbach, chief air raid warden, who advised purchase of helmets for civilian defense volunteers in Daly City, either financed by a city fund or by the volunteers themselves. The possibility of finance from state and federal agencies for civilian defense use was also discussed. In Quirmbach's report, he informed the council that helmets could be purchased for $2.06 each, and the city would require about eight hundred or a thousand helmets. Other cities in the county have made the purchase of helmets, notably South San Francisco, where delivery has already been made.

A general discussion of the appropriation of funds for civilian defense followed, and the council moved to set up a special fund for such expense.

Subsidization of ambulance service was another chief topic that found a prominent place in Monday's meeting. City Clerk Burt C. Ross read a communication from Leonard Steuhler, manager of the Peninsula Ambulance service in Daly City which stated that he was unable to continue operation of the service by private financing alone. Steuhler, who was present at the meeting, reviewed the ambulance service which is now supplied in Daly City, and assured that it would continue on the same basis if financial aid could be supplied by the city. His proposal was a twenty-four hour ambulance service for the city for the payment of $80 per month. The council decided to confer on the matter with Steuhler at caucus meeting, next Monday.

A motion was made by the city council instructing the city clerk and Mayor A. J. Gaggero to execute the substitution of attorneys, City Attorney Hoffman for the former legal adviser, Rudolph A. Rapsey, on all pending matters.

Mayor Gaggero appointed Arthur J. Bodien, water superintendent, and Fred Collins, health officer, to the committee for the annual Clean-Up Week to be held next month.

Following donations by other cities in the San Mateo County Tire Rationing Board, Northern district, a motion was made by the council to donate a sum of $50 to the board.

A motion was passed authorizing the repairs to a gutter at Mission street and San Jose avenue to be financed by the one quarter cent gasoline tax fund.

man for the job, assisted by a large staff of high school teachers.

In charge of the registration of retailers were Miss Edna Smith, chairman; Albert Biggs, Miss Ethel Fillmore, Miss Martha Springer, Mrs. Dorothy Pendergast, and Miss Mary Jones.

The signup of institutional and industrial users was directed by Mrs. Margery Reandeau, chairman; Mrs. I. Benedict, Miss Dorothy Smith, Claude Hackley, Walter Griffith, and Harry Giaque.

Howard Miguel and William Feole assisted both groups as interpreters when needed. An information group which directed registrants to their proper places included Truman Bentley, Mrs. Gilda Brown and R. L. Gray. Sugar purchase certificates were made out by Durant Mosele, Miss Ella Redkey and General Chairman Saiz. Other members of the faculty acted as relief registrars.

Prior to the registration at the high school, Biggs and Saiz attended classes in instruction at Redwood City and San Mateo.

School Children Collect Truck Load Of Tin Cans

children of the local grammar schools. The truckload is the first move in the campaign against waste which was launched in the entire county. R. L. Crane jr., superintendent of the grammar schools, was appointed as chairman of the committee. Other members of the committee are Mrs. Ethel Dorn and Frank Coughlin.

Unlike most campaigns, the salvage drive will continue as a permanent fixture for wartime production efforts, and Crane emphasized that it is not a campaign which will last for a week. Householders were urged to continue to save their tin cans for collection all during the present emergency.

Every Friday has been designated as the day for school children to bring the weekly tin can collection to school for the city truck to pick up. Although it was originally planned by the San Mateo County Salvage committee to use service stations as collection centers, Crane said that in Daly City the tin will be brought to the schools by the school children.

Special provisions were made for those housewives who have no children in the grammar schools who can take the tin to school. These housewives are asked to advise the Administration office, 344 Santa Barbara avenue, when their collection of tin is ready to be picked up, and school children will call for it.

Police Investigate Murder Of Darnell

(Continued from Page 1)

last known person to appear in the hallway before the shooting occurred.

Darnell was summoned from sleep to answer a knock at the door, the second in half an hour, and when he found no one at the door, he went into the hallway where he was shot dead. Mrs. Darnell said that the first knock on the door was Pavlos who had presumably been drinking, and had mistaken the Darnell apartment on the second floor for his apartment on the third floor.

When Mrs. Darnell related the incident to police, Chief Reardon, with Officer Kusber and Officer Henry Sundermann jr., gained entrance to Pavlos' room and made the arrest as a suspect. Pavlos denied the charges, and although he admitted ownership of the gun found by Officer Kusber, he denied having fired the gun. The gun is being examined in San Francisco.

Pavlos continued to profess innocence of the shooting even after he was taken by Chief Reardon and Deputy District Attorney Burress Karmel to the W. C. Lasswell funeral parlor where Darnell's body was. Autopsy on Darnell's body was performed Sunday morning. Pavlos is held in Redwood City.

Darnell, who formerly was known as William Lee, was a moulder by trade and had also been employed as a taxicab driver. He had been a resident of Daly City only a short time, having formerly lived in Nashville, Tennessee. The Daly City Police department notified relatives of the victim in Nashville of the tragedy.

Eva Schulba Bride Of Joseph Arroyos

Before a group of many friends and relatives, Miss Eva Schulba, 6026 Mission street, exchanged wedding vows with Joseph Arroyos at a 4 p. m. ceremony, Sunday, April 5. She was given in marriage by her father, Anthony Schulba. Reverend Father James McKenna performed the rites at Our Lady of Perpetual Help church.

The bride was beautifully gowned in white chantilly lace, styled with a tight bodice, bell sleeves, full skirt, and a long train.

A tulle veil with a lace crown was attached to her hair with orange blossoms. A dainty string of pearls, given the bride by her sister, Mrs. Horace Siino, were around her throat. She carried a bridal spray of bouvardia and gardenias.

Mrs. Lorraine Schulba acted as matron-of-honor. her dress was of blue net and lace; blue pompoms attached to a short veil adorned her head. She carried an old-fashioned bouquet of blue carnations.

The bride's other two attendants, Miss Florence Eliggi, and Miss Pat Rago, wore gowns styled like the matron-of-honor's in pink. Similar head-pieces were worn by the bridesmaids. Each carried an old fashioned bouquet of pink carnations.

William Schulba, brother of the bride, attended the groom as best man. Ushers at the ceremony were Harry Stevens and Guido Schulba.

Following the exchange of nuptial vows, a reception was held for the newly-weds at Wolf's hall, San Francisco. Over two hundred friends and relatives attended to wish the young couple happiness.

Mr. and Mrs. Arroyos have returned from a week's honeymoon in the South and are now at home to friends at their residence, 270 Broad street.

PERSHING P. T. A. TO MEET MAY 8

General Pershing P. T. A. will meet Friday, May 8, instead of Thursday. Reason for the change is that the sugar rationing will be held at the school on the regular meeting day.

Besides the regular business meeting, it was announced that the semi-annual Teachers' luncheon and installation of officers would be held.

Mrs. George Bruns, president of Seventeenth district, will act as installing officer.

Mrs. Ann Eason was chosen as chairman of the day. She will be assisted in the arrangements by Mrs. Ilda Marquis.

Luncheon will be served at 12 noon and all members are invited to attend.

Members of the executive board met yesterday afternoon at 1:30 p. m. at the school. Plans were laid for the installation.

It was announced that the cafeteria now feeds over 120 students a day.

A tin can drive was held all last week at the school under the direction of the teachers. Eleven large bags had been gathered by the children.

Mrs. Sophie Evan, chairman, announces that the unit's popcorn sale, Friday, was a grand success.

Assisting at the sale were Mrs. Getha Mejia, Mrs. Ann Eason, Mrs. Ruth Canier, Mrs. Mildred McKenna and Mrs. Sadler.

Mrs. Nora Clifton, president of the unit, attended the district executive board meeting in Burlingame, Monday. Mrs. Mildred Rasor, incoming president, accompanied Mrs. Clifton. During the meeting she was introduced to the district as the new president of Pershing P. T. A.

Mrs. Davidson Hostess To Sew And Sew Club

Sixteen ladies of the Sew and Sew group of Crocker P. T. A. met at the home of Mrs. Virginia Davidson, 581 Hanover street, last Friday. The meeting was followed by a session of the executive board to decide on the special meeting of Crocker unit to select officers for 1942-43, and also to arrange for the May meeting and the Teachers luncheon which will be held at 12 m. sharp, Tuesday, May 12.

The special meeting was held Tuesday, April 28, and a list of the officers selected will appear shortly. The next meeting of the Sew and Sew club has not been set, but will probably be put off for a week because of the sugar rationing program, and the registering of the children, which will keep members of Crocker busy for most of next week.

A Surprise For Mother

By Frances Lee Barton

ONE does not have to labor much
Or go to great expense
To bring a smile to Mother's eyes
Or make her lips grow tense.
A cake or pie, made by your hands
Perchance while she's away
Will gladden Mother's heart and soul.
Try it on Mother's Day.

Mother's Day Cakes

2 cups sifted cake flour; 2 teaspoons double-acting baking powder; ½ teaspoon salt; ⅔ cup butter or other shortening; 2 cups sugar; 6 eggs, well beaten; 4 tablespoons milk; 1 teaspoon vanilla.

Sift flour once, measure, add baking powder and salt, and sift together three times. Cream butter thoroughly, add sugar gradually, and cream together until light and fluffy. Add eggs and beat well. Add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla. Bake in greased pan, 16 x 10 x 2 inches, in moderate oven (350° F.) 35 minutes, or until done. When cold, cut into various shapes with knife or cutters. Frost with your favorite boiled frosting. Decorate daintily as desired, using moist, sweetened coconut, tiny colored candies, silver dragees, or bits of citron.

Prisoners in Japan

Prisoners in Japan are allowed no bedding. They sleep on the hard floor.

Colma PTA To Meet Tuesday, May 12

A short business meeting of Colma P. T. A. will be held, Tuesday, May 12, instead of the regular meeting day, Tuesday, May 5. Reason for change is that many of the P. T. A. ladies will be working on the registration for identification tags for children at the three Colma schools.

Order of business at the meeting will be a discussion on the term program and the budget.

A hot dog sale was held, yesterday afternoon, at the three schools, Jefferson, Jefferson annex and Thornton. Mrs. F. Remnigton was chairman.

Assisting Mrs. Remington at Jefferson and Jefferson annex were Mrs. Ruth Rowley, Mrs. Oberg, Mrs. K. Bock, Mrs. A. Bono, and Mrs. Paul Willbanks. At Thornton were Mrs. D. Strong, Mrs. A. Dunkel, and Mrs. J. Burgard.

About the middle of May, the ladies announce a rag collection day will be held. All members are urged to save their old rags.

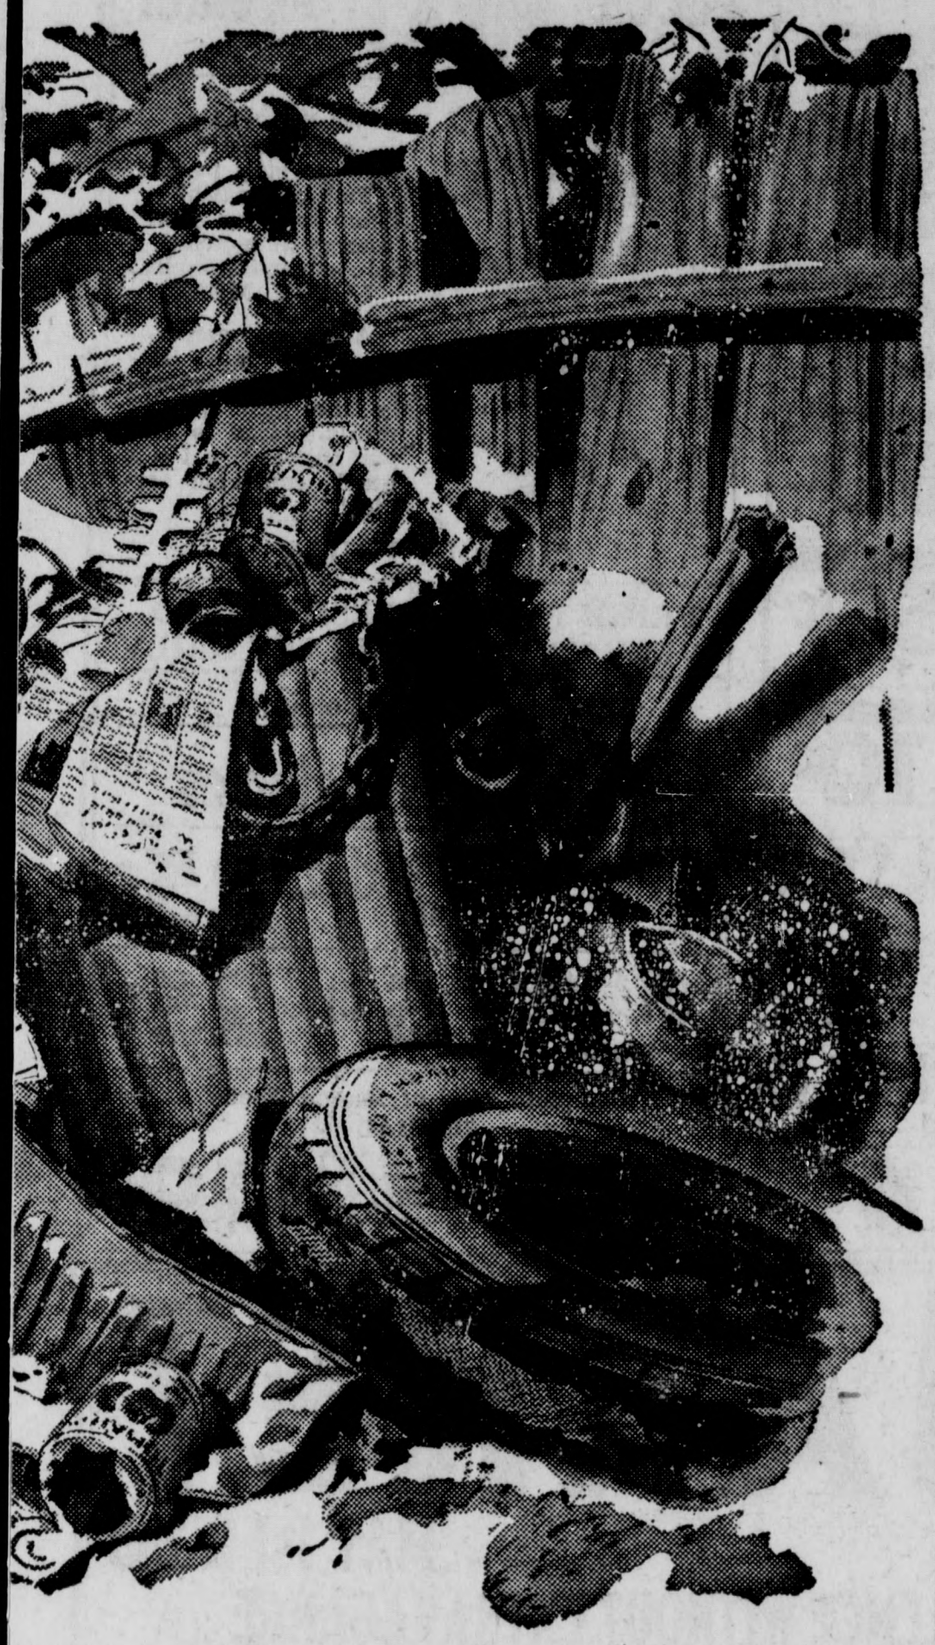
r Part For Victory

YOUR Back Yard!



HOW TO SAVE

Flatten out cartons, boxes. Tie in neat bundles; keep dry and clean. Pile newspapers separately, and tie in separate bundles.

Keep rags, metals, and rubber separately—in cartons or bags if possible.

Let your children help. It will give them a part to play in the Victory program.

HOW TO DISPOSE OF IT

You may either sell waste materials to a collector (Junk man) or give it to charities, schools, or other organizations which collect them.

If you prefer to sell and a collector does not make regular rounds in your neighborhood:

1. Look through the classified advertising section or telephone directory and get in touch with a collector. Wait until your collection of waste paper has reached 100 pounds (a pile about 5 feet high) before asking him to come for it. Dispose of metals, rags, and rubber at the same time.

2. Or take your collection to the nearest junk dealer's yard. By doing this you will help relieve the strain on collection facilities.

If you prefer to donate it, you may arrange with a local charity or other organization to collect it from your home. Where local schools are collecting scrap you may give your collection to your own or your neighbor's children to take to school with them. Start NOW! Let's put DALY CITY out in front!

Daly City Fire Dept. Rushes Aid To S. S. F.

When reports were received by police radio in Daly City that a fire had broken out in the Western Pipe and Steel Company shipyards in South San Francisco, Sunday at 8 p. m., the Daly City Fire department rushed the Company 4 fire truck to the shipyards.

A crew of nine firemen, including Fire Chief A. P. Chesney and Assistant Fire Chief A. J. Bodien, made the rush trip to South City with the new 600 gallon pumper apparatus. On instructions from the South City assistant fire chief, the Daly City department proceeded to the fire station in South City to stand by for regular calls in that city. After two and one half hours they were relieved by the South City company after the shipyard blaze was under control.

Daly City has a mutual aid agreement with the South San Francisco Fire department for major fires in either city.

Colored Fish

The marine gardens off the coast of Nassau are famous for their beautifully colored fish and strange but lovely undersea formations of coral which can be viewed through the crystal-clear waters from glass-bottomed boats which make regular trips from Prince George's Wharf.

Trim for Mahogany

For more effective decor traditional Eighteenth century mahogany may be trimmed with a number of woods, tulipwood, amaranth, rosewood, violetwood and boxwood.
